Dear community member

MOUNT LOFTY RESIDENTIAL DEVELOPMENT PROJECT UPDATE – MASTERPLANNING PROCESS

Thank you for registering your interest in regular updates about masterplanning for the Defence Housing Australia (DHA) Mount Lofty residential community. This is the third of our regular updates. You will be kept informed throughout the masterplanning process and we welcome your feedback.

DHA is grateful for the extensive community input we have received in meetings with neighbours, telephone calls and email. If you, or any of your neighbours, would like to meet to discuss the masterplan, please contact our community engagement consultants, CPR Group, at the following contact points.

Phone	1800 100 204
Website	www.mountloftytoowoomba.com.au (register here for regular updates)
Email	projects@cprgroup.com.au

We are pleased to advise that the masterplan project team has been appointed, which includes specialists in the following disciplines:

- Community consultation and engagement
- Surveying
- Urban Design
- Engineering (civil infrastructure and stormwater)
- Bushfire
- Town Planning
- Road design and traffic management
- Unexploded ordinance
- Cultural Heritage
- Environmental (flora and fauna)
- Landscape architecture
- Horticulture
- Workplace Health and Safety

The landscape architect and horticulturist recently inspected the Moreton Bay Fig and the fallen Chinese Elm. We will shortly be implementing the recommended tree protection zone and structural root zone for the Moreton Bay Fig tree.

Project team members, including the unexploded ordinance (UXO) expert, will continue to visit the site during coming weeks.

We welcome your contributions to the Mount Lofty masterplan. Please be in touch at the contact points above and let us know if you would like to meet. Thank you for your interest.

Yours sincerely

Rob Winters
Senior Development Manager | Defence Housing Australia
